NO ONE FOR IT.
Washington Post.—The most pathetic case of the shadow of office-seeking the man is presented by the Ohio Democratic gubernatorial nomination.

A GOOD EXAMPLE.
Binghamton Republican.—It would be a benefit to American society if the social lions would take a cue occasionally from the Court of Madrid, instead of carrying the stupid stiff neck of St. James.

ICONOCLASTIC.
St. Louis Globe-Democrat.—Colonel Waterson declares that the mission of the Democratic party is "not to conserve, but to destroy." Very true; but the trouble is that it always wants to destroy the wrong things.

A BIG BOMB.
Chicago Inter Ocean.—If the Presbyterian Church declares Dr. Briggs "a heretic" a bomb will have to be built in every Presbyterian library in the land. No man in the church is more largely represented in literature than Dr. Briggs.

WHEN USEFUL.
Rochester Democrat and Chronicle.—The so called "financial policy" of the Administration has certainly caused a sufficient number of wrecks in the business world to inspire people. As a "ruler" President Cleveland is most useful when he is away fishing.

WHAT IT MEANS.
Boston Journal.—It is significant how regularly the imposition of duties on sugar and coffee appears in every new version of the Administration's programme. Sugar and coffee duties would not only be fatally unpopular things of themselves, but they would embody the immediate abandonment of reciprocity.

WHY HEADMAN MAXWELL CUCKLES.
New York Tribune.—It is the policy of the Cleveland Administration according to the Mugwump press, to make removals from the fourth-class Postoffice only when charges against the incumbents are sustained. When Maxwell learns of this he will lean on the handle of his axe long enough to laugh a long, low, laugh, the sort of laugh commonly known as a chuckle.

"SOULLESS" CORPORATION.
Every man, woman and child in the Pennsylvania Railroad Company's employ, it matters not in what capacity, will be allowed a two weeks vacation and transportation to the World's Fair at Chicago. Nor will the magnificent work stop there. Every employee having a family will be allowed the courtesy of the company, every member being furnished with a round-trip ticket.

A BURNING QUESTION.
Boston Journal.—Senator Lodge is being much praised by some of our Democratic contemporaries for the earnestness with which he is promoting the movement for the repeal of the Silver Purchase act. A few months hence, when the fight in Congress is on earnest, it is ten to one that these same newspapers will be accusing Mr. Lodge of "embarrassing the Administration." The silver question is a hot one for the Democracy to touch.

IT WASN'T SHERMAN.
Philadelphia Ledger.—The Western and Southern states are suffering from bank troubles that tend to lock money up when it is most needed. The representatives of those sections in Congress are largely responsible for the present flurry, and ought to be prepared by this time to vote for a repeal of the Silver Purchase act before further troubles come upon them. They were given abundant warning of what would happen, but, like most theorists, required a little personal experience before they could be convinced that it was not only a bad economic law could not be repealed by act of Congress.

THE FINANCIAL SPEECH.
Governor McKinley's speech of Acceptance.—The pledge of the Republican party that gold and silver shall be maintained at parity the one with the other must be secretly kept. The Government must not suffer any talant to be put upon its credit or financial honor. It can prevent it. Republican legislation vests it with full power. The Administration should use it promptly as required. Uncertainty of the financial policy of the Government breeds distrust in the minds of the people. The word of confidence and courage born of purpose is the need of the hour and should no longer remain unspoken.

BEFORE AND AFTER.

He was a full-blown porter, with a manner light as air.

He had a pair of his fingers and had bare oil on his hair.

And he went on to tip him then he did to pay for your fare.

This porter who was going to Chicago.

He sat there in a corner with a teardrop in his eye.

He didn't even shake his head at people passing by.

He was crying, sadly thinking, of the price he was paid for.

This porter was coming from Chicago.

DROWNED AT PARIS.

Charles S. Brent, of the firm of C. S. Brent & Co., wholesale commission merchants of Paris, was drowned in Steiner Creek, two miles above the city, at 11 o'clock Saturday.

Mr. Brent had as his guest H. B. Mc-Callough, of the firm of M. J. McCullough & Co. of Cincinnati, and they went boating up this beautiful stream.

After rowing they became warm, and concluded to go in bathing.

Mr. McCullough jumped into the water about ten feet deep, and Mr. Brent followed.

Mr. McCullough swam several rods, and looking back could not see his companion.

He at once reached the creek, and, dreading a mile down stream, to Marchand, St. Albans, where he found Messrs. Alex. Rice, Doug. Thomas and James Hull, and they started rowing to where the accident occurred, and Mr. Rice dived and found the body.

It was evident that Mr. Brent had drowned from cramps, as the body was badly cramped.

He was young man of 20 years, of excellent habits, and, besides being a No. 1 business man, was one of the most popular society gentlemen of the county.

He was the second drowning in the past four days, the other being little Harry Boone, who lost his life while half a mile of where this occurred happened, and both bodies were recovered by Alex. Rice, a trainer at Marchand station.

HE IS IN IT.
THE GENTLEMEN WHO WILL BE OUR NEXT POSTMASTER.

Hon. Thomas H. Paynter was here Saturday—Walk Up to the Pic Counter, Boys, and Take Your Choice.

Hon. Thomas H. Paynter, ever affable and also ever welcome when the "boys" want any of his good offices or the good offices that are now hanging on the Postoffice and Revenue Garden plum trees, was in the city for a few days before his early departure Saturday.

It didn't take long for the news to spread and when the fact became known it didn't require a yoke of oxen and a logchain to draw the boys up to the pic counter.

They came on foot and on wheels, in couples and companies.

And they all saw if they all didn't concur.

Mr. Paynter received them graciously and heard each "tale of woe" with as much comecency as it was on the eve of the next Congressional Election, when he will ask an endorsement for the fourth term as Representative from this District.

There are several friends, but that bearing the Postoffice stamp is said to be the best, and consequently the most eagerly sought.

It has been prepared according to the most approved formula by a chef who takes off his white butler's cap to no one beneath the rank of a Royal Glaciatrice.

Below will be found three of the prescrip-tions which this feast has been compounded:

Mayhew's Peach Pie.
Line a pie plate with good pastry, and fill with peaches peeled and halved. Sprinkle the bottom of the shell with sugar and butter. Bake in a moderate oven, and cover with meringue of one lemon—half cup of ice water. Bake in a moderate oven, and cover with meringue of one lemon—half cup of ice water. Bake in a moderate oven, and cover with meringue of one lemon—half cup of ice water.

Billow's Squash.
One pint of squash, three eggs, one and one-half teaspoons of salt, a little nutmeg. Put the squash through a sieve, mix with a scant tablespoonful of corn starch and milk and cook until it is soft. Add the other ingredients. This makes one large pie.

These formulae are gist-ed, and may be depended upon if it is desired to attain the best results.

P. M. Paynter's visit was of a purely personal character. He came on his own private business in regard to some landed interests he has in Kansas in connection with Major J. T. Long and others in this city; but it took a 3,000 nag and a pneumatic-tired sulky to get him from the Central Hotel to the C. and O. Station in time for the Eastbound train.

LAMESTON LODGE No. 36, K. P., has purchased a handsome and complete set of paraphernalia for the conference of the several ranks.

Miss MARY ARMISTEAD, daughter of Mr. and Mrs. William H. Armstrong of Ripley, will be united in marriage to W. Wirt Leggett of Chicago at the Presbyterian Church Wednesday.

CHILDREN'S DAY.
Its Observance Yesterday By the Two Methodist Churches.

An announced previously, yesterday was designated for the observance of Children's Day by the Sunday-schools of Mayville's two Methodist Churches.

The exercises at the M. E. Church took place in the forenoon, and the house was crowded to its utmost capacity. The program was varied and interesting, and those who took part acquitted themselves with great credit.

At the close a collection was taken up which netted \$30.00.

In the afternoon the M. E. Church, South, was "packed to the doors" long before the hour set for the proceedings. Here, too, was an interesting program, consisting of songs and recitations, with the Sunday-school children as the chief participants.

A good collection was taken up for goodly Sunday-schools.

For the information of our contemporary THE Bulletin it may be stated that Senator SHERMAN himself is in favor of the prompt repeal of the Sherman Silver Purchase Law. And so is everybody else who doesn't own a silver mine.

MR. CLEVELAND says the financial condition is "the only menace to the country's welfare and prosperity." Well, Uncle BOYD, isn't that enough? What will it profit a poor devil if he has his mouth full of wind and not a nickel to put bread in his stomach? Money makes the mare go, and when the money gives out the old nag dies.

MR. CLEVELAND calls the financial condition "the only menace to the country's welfare and prosperity." In what reuses of his government interest has Mr. CLEVELAND concealed these dire evils by abolishing which he and his allies told the people, five months ago, the Nation could alone be redeemed from their distress and rescued from future disaster? This one admission by the President that Protection to American industry is not a menace to American welfare and prosperity reveals the mockery and false pretense by which the voters were misled last November.

This item should be posted in the hat of every old soldier, and it ought to be branded on the forehead of every Democratic, soldier-hating editor in the land. General JOHN C. BLACK of Illinois, who was Commissioner of Pensions under Mr. CLEVELAND four years ago, recently said the pension roll was "poisoned by the names of frauds, bonny jumpers." &c. He is the same identical JOHN C. BLACK who is now drawing \$100 a month for "total disability," and at the same time is receiving \$5,000 a year as an able-bodied Democratic congressman. And what is worst of all, he secured this liberal pension while he was himself the Commissioner of Pensions! Having got the utmost limit of allowance for himself, this Democratic "fraud" now wants to deny the small sum of \$4 to \$12 a month to men actually deserving, and many of them more so. Comment is in order.

FIVE DROWNED

A Boat Capsizes in a Storm at Buffalo, N. Y., And a Party of Fishing Excursionists Go to the Bottom.

A Dozen Persons Witness the Accident From the Shore, But Could Render No Assistance—A Woman and a Child Found Drowned in a Creek Near By.

BUFFALO, June 13.—A severe wind and rain storm struck Buffalo Sunday. Five lives were lost and considerable damage was done. The wind blew down telegraph wires and trees, and damaged a number of buildings, and the piled-up waters drove out several families living on the beach. Half a dozen fishermen's shanties are now floating in the lake near the breakwater.

When the wind was strongest, Wm. Healy, Charles Seymour and Bert Christian hired a rowboat and started out from the foot of Georgia street on a fishing excursion. The boat was rowed half way across the river, when the wind turned it around and it filled. Christian jumped overboard and started to swim for the shore, but the others remained in the boat until it sank. A dozen persons witnessed the accident from the shore, but as there was no light within half a mile all three were drowned.

Late Sunday afternoon a capsize boat and the body of a woman and child were found in Senecaquaga creek. The bodies were taken to the morgue, but have not been identified. They had been in the water only a few hours. Many trains are held on account of the storm.

TRAIN HELD UP.

The Messenger Shot and the Car Robbed of Its Contents.

TUPEKA, Kas., June 13.—Messenger reports of a robbery of the bound express train No. 3 on the Atchafalaya, Topeka & Santa Fe railroad just west of Cimarron were received here Saturday morning. The operator of the train in a brief message stated that three or five men entered the express car after stopping the train. They shot Express Messenger Wattlesey through the stomach, fatally wounding him.

Just how much money was secured by the robbers is not known. After plundering the car the robbers made for the south in the direction of No Man's Land.

At 10 o'clock Saturday morning no information concerning the robbery had been received at the office of General Manager Fry of the Santa Fe. A posse is in pursuit of the robbers, but they have held out seven hours.

Why Be Committed Suicide.
JAMES C. C. N. J., June 13.—Michael Doris, who shot and killed himself at Patuxent, Md., was the nephew of Michael Doris, of No. 875 Second street. The Patuxent suicide formerly lived with his wife and three children at the corner of Grove and Second streets. Doris deserted his family some months ago because his son stayed out late and the lad's mother shielded him. It is believed Doris was insane.

Lad Drowned While Bathing.
ALLIANCE, O., June 13.—John, the 10-year-old son of Mrs. Johanna Hammer, was drowned while bathing in the Mahoning river here Sunday. The lad, in company with a number of companions, attempted to swim the stream, and when perhaps half way across was seized with cramps, and despite the efforts of his companions to rescue him, sunk beneath the waves. The body was recovered Sunday evening.

An Aged Colored Lady.
NEW YORK, June 13.—Through the illness of Mrs. Martha Raymond, colored, who lives near Woodbury, N. J., it has been brought to light that she is 115 years old. The oldest resident distinctly remembers her when children. She says she was born in Virginia in 1778 and has lived at Woodbury about sixty years.
